

SmartMyer Wireless IP Camera

Wireless IP Camera

The Smart Myer's Wireless IP Camera adopts a 720p HD video quality (1280 x 720) as well as a high performance media processor, single SOC chip (built-in ARM+DSP) and high speed video protocol processor. As a result, it is capable of H.264 video compression allowing for extremely smooth video transmission with minimal bandwidth consumption. In addition, due to the small file sizes produced by H.264 video compression.

- Excellent Video Quality: HD720P @ 30fps Dual-Stream w/ Bandwidth-Conserving H.264 Video Compression
- Remote Viewing & Recording from Anywhere and Anytime
- Quick Access Remote Viewing on iPhone, iPad and Android (Smart Myer app)
- Powerful IR-LEDs for Night Vision ,300° Pan, 120° Tilt
- Motion Detection Alerts
- WEP, WPA, WPA2 Encryption
